

Svenska Standardbolag AB

Leading in corporate issues and off-the-shelf companies since 1954

This is how it works:

Complete a quotation enquiry at www.standardbolag.se

Send current balance report and income statement and we will provide a quotation. For fastest processing - submit a quotation enquiry via our website www.standardbolag.se, or alternatively by mail to info@standardbolag.se.

Shareholder

For acceptance of our quotation, we need details of the shareholder's name, personal code number/corporate identity number, address and number of shares.

Contractual documents and checklist

We produce all contractual documents. The documents are accompanied by our checklist of documents that we need in connection with the transfer.

Payment of purchase sum

We pay the purchase sum immediately on receipt of all documents. We simultaneously replace the company's officers and start the process of winding up the company.

Svenska Standardbolag AB

Leading in corporate issues and off-the-shelf companies since 1954

The vendor's security

When you engage Svenska Standardbolag AB for fast liquidation, you are assisted by Sweden's largest agency for winding up limited companies. Since 1992 we have wound up more than 20,000 limited companies through the unique liquidation service, Slutstenen.

Your security as vendor

- i** You obtain a well-known and financially strong counterparty in Svenska Standardbolag AB
- i** Our long experience and expertise within the area.
- i** The company is wound up correctly.
- i** The purchase sum is paid promptly.
- i** We immediately hold an extraordinary general meeting where we replace the previous board of directors and any auditor there might be, and take over responsibility for the company. You can thus feel secure that the company and the owners' authority and obligations in relation to the Tax Authority etc. will be handled correctly..
- i** The winding up process takes place under our ownership and we take over responsibility for the company's administration, including payment of taxes on time, correct completion of tax returns and other accounts, with any claims on the company handled correctly
